

No More USB Keys?

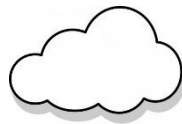

Now that we have your attention...Are you aware that if your company has the database on your server and you are a current subscriber to a Maintenance and Support Plan that you are eligible for a software Key?

What does that mean for you?

With a software key installed in the database on the server, you no longer need the USB key to open Version 3, and the best part is, the software key is encoded for the number of users that you have purchased. Access to Estimating Link Version 3 is concurrent users. No more swapping keys. First users in have access up to the number of registered users. Call us for more details.

Did you know you can run the program on the Cloud?

The Estimating Link program can be placed on a Cloud server so that your users can access the program using any RDP (Remote Desktop Protocol) from any Notebook, Tablet or Desktop. Need help setting this up, call or email Support@TCLI.com

Albany & Orlando Training a Success!

Our annual training classes held in both Albany NY and Orlando FL were well received. If you missed one of our classes and feel that your company would benefit from personalized training, email us at support@tcli.com for information on your training options.

Field Link Online

A REPLACEMENT FOR HAND-WRITTEN TIME SHEETS

PROJECT TRACKING INFORMATION AT YOUR FINGERTIPS

ANALYSIS TOOLS HELP DETERMINE A CREW'S ACTUAL PRODUCTION

AN INTEGRATED SOLUTION FOR ESTIMATING, PROJECT TRACKING AND BILLING

FIELD LINK ONLINE HOME PAGE CAN BE CUSTOMIZED TO MEET YOUR NEEDS

Now more than ever, in today's markets, knowing your costs is extremely important. Through an internet connection, electronic time sheets are created offering you the ability to review daily production and compare it to your estimated cost. What's more, employee time cards are transmitted to the office so payroll staff doesn't need to chase time cards and they are legible.

Contact us today for a free 30 day trial of **Field Link Online**.

We have a new look

Later in May, when you visit our website at www.tcli.com you will see the rollout of our new website. You can still access the download page by clicking on *Support*. Let us know what you think.

Feedback Requested

The Construction Link values our users and their opinion. As we move forward with Version 3 we want to hear from you. We would appreciate you taking time to participate in our survey. Won't take long and is completely anonymous. The survey is located at <https://www.surveymonkey.com/r/TMYRCRD>

*Subscribing to a **Support and Maintenance Plan** will ensure that you always have the most current version and help is a phone call away. Call us today if you have questions concerning your plan.*
