Optimize Your Estimating Software Experience

Improve and optimize your Estimating Link software experience by joining our 2021 Virtual Training Series. From beginners to the most experienced users, this training series has something for everyone. This series is **free to all active Maintenance and Support customers** of both Standard and Enterprise Estimating Link as well as Estimating Link Online.

The series consist of nine, one-hour trainings and each training will build off the previous training. If you miss a training, we encourage you to watch the recorded version prior to the next live training (recordings will be available via your TCLI Portal the day after the live training).

The series begins Tuesday, March 16, 2021 and ends April 13, 2021. Trainings take place on Tuesdays and Thursdays at 2:00 PM Eastern Standard Time. The first hour will be the training and then we have allocated an additional 30 minutes for questions and answers and product insights.

Expand your knowledge and get the most out of your Estimating Link software. Learn about new user friendly and time saving features. Discover tips and tricks that will save you time and increase accuracy.

Share your thoughts and provide your feedback to help shape the direction of your future Estimating Link software.

Bid smarter and win more bids. Use Estimating Link's unique functionality to markup your jobs accurately and move money around.
